

Add flair with products from Creative Mirror

BY RACHEL BARUCH YACKLEY

Daily Herald Correspondent

How would you like to step into your bathroom and be transported to a spa, right in your own home?

Creative Mirror & Shower can help you get there, whether you're embarking on a remodeling project, or building a new home.

This unique business has been turning out custom made glass and mirror products including shower doors, mirrors, mirrored doors, and framed mirrors, since 1972.

"Showers are becoming more like spas, with steam showers and body sprays. Our custom shower doors are perfect for those environments," said owner Mark Pritikin.

You can even look at products, learn what you need, and purchase your choices, without stepping out of the house.

"Our business is mostly shop-at-home," Pritikin said. "We come to the house and give a free estimate. A product knowledge expert comes to the house with samples and pricing."

If you want to get a look at the breadth of products this business provides, along with dramatic displays in full-size vignettes to assist

Creative Mirror & Shower can help you change the look of your bathroom.

your remodeling process, pay a visit to the company's web site: www.creativemirror.com. Be sure to check out the informative and entertaining commercials, "Stuck," "Toothbrush," and "Unhinged," right on the site.

Before you embark on your building or remodeling project, there's much to learn from this web site, where you will find extensive photo galleries on

shower doors, custom mirrors, mirrored doors and even framed mirrors. Included is a section on planning and design related to shower doors, to assist customers with planning their bathroom remodel.

"There's a whole planning element. We assist with the planning and the design, giving our customer results that not only look great, but work great,"

Creative Mirror & Shower
